teen bombs. A number of officers and policemen were killed in the streets and several policemen were killed.  
The troops have now occupied all the barricades. In one case they fired on the revolutionaries from the steeple of a church. Revolutionists armed with bombs and revolvers are now besieging the residence of the prefect. The council of workmen today granted permission to the bakers to continue work and for the bakeries to bake black bread and it subsequently ordered a resumption of the armed revolt for six o'clock this evening.

**WARRING AT MIDNIGHT.**  
Moscow, Dec. 23.—(Midnight)—The situation is hourly growing worse. The insurgents hold several quarters of the city, and fighting continues desperately. Two large arms stores have been pillaged and the weapons distributed among the men, who have erected barricades along the Sadovaya, which encircles the city. The military has succeeded in isolating various sections, preventing communication. From the heights colored signals rockets are showing instructions to the isolated commanders.  
The searchlights on the Soukharoff and other towers illuminate the streets where the fighting is proceeding. The roar of cannon continues. Machine guns are being employed to clear the Sadovaya. It is impossible to estimate the number of dead and wounded, but probably will run into the thousands.  
In a square in the heart of the city, the insurgents are making a desperate fight from a house, using an English machine gun from the window against a battery which is cannonading them.

**EXTENSION OF MARTIAL LAW.**  
St. Petersburg, Dec. 23.—The fears that the revolt in Lithuania will extend to Poland have become so acute that Governor General Skollon, at Warsaw, acting under authority of the imperial ukase of November 24, has declared that a state of siege exists in the ten Polish provinces. The Uhlan of the guard and the emperor's own regiment have been dispatched to Courland.  
A telegram from Riga announces the arrival there of two battalions of riflemen and a battery of machine guns. It is understood that the strike leaders in their desperation have decided to resort to violent tactics and to blow up the bridges and the right of way of the railroads leading out of St. Petersburg. The first attempt at the use of bombs, with which the revolutionaries are well supplied, was made this morning on Schussburg avenue. A revolutionist was about to throw a bomb at a passing patrol which was escorting non-union workmen to the Semianikoff mills, when it exploded, blowing off the man's arms. He was taken into custody.

**ST. PETERSBURG SIEGE TODAY.**  
St. Petersburg, Dec. 23, Midnight.—Late tonight, after an order had been issued to the prefects forbidding meetings of any description, public or private, the Cossacks and troops cleared the Nevsky and Moskva Prospects and other thoroughfares. In many places the Cossacks used their knouts freely, even on women. It is believed that a state of siege will be declared in St. Petersburg tomorrow.

to hide in and kept watch for us himself. He took us to his stable, where we remained with our two little ones for three days without a morsel of food or a drop of water, but with a horrible death staring us in the face every moment of the time.  
"Many have lost their lives in addition to similar sufferings; still more will remain cripples for life with no means of support. Others were compelled to witness the brutal dismembering of their dear ones before they were killed themselves. My clerk told me that he saw how the mob overtook a helpless Jew woman, who apparently had run to a place of safety, carrying a child in her arms. The beasts wrenched the infant out of its mother's arms and dismembered it, holding out every part to her face, and then forced the hysterical mother into shame which killed her."

**CHRISTMAS CRUSH ON THE STREETS**  
The Buying Record Was Broken in Phoenix Last Night.

Phoenix streets and Phoenix stores presented a busy sight last evening with their hundreds of Christmas shoppers some of them their arms loaded with parcels making their way to their homes and others busy picking out presents for those they will remember tomorrow. All of the stores were crowded and had to keep open until a late hour for the accommodation of their patrons. Merchants universally declare that the Christmas trade this season is in excess of any previous year and that there is a demand for a better class of goods than formerly. Money seemed to be plentiful and the shoppers spent liberally. The candy stores came in for a large part of the trade but the big stores also had their share.  
With all the crowds there was that general air of good feeling that pervades gatherings at Christmas time. The person of wealth laughed with those less fortunate in this world's goods and bought presents worth dollars while those at their elbow bought other presents which were paid for in nickels and dimes. The spirit with which each entered into the buying was the same and the same spirit will mark the giving away of the purchases.

On account of Sunday intervening last evening on Washington street found much of the noise and tooting of horns usual on Christmas eve. Nearly every one of the clerks in the large establishments were given some sort of remembrance by their employers and their enjoyment of the same came with the closing of the stores. All day they had been working with but a few minutes out at the noon and evening meal hour and while they had every reason to know that it was nearing Christmas time they had had little time to enjoy the occasion.  
An interesting lot of shoppers yesterday afternoon were the Indian children from the Phoenix Indian school fully a hundred of them spending the day in the city. They bought everything from mechanical toys to wearing apparel and appeared to enjoy seeing the sights more than any other class of trade.  
Tomorrow most of the stores will remain open until noon to accommodate those who could not be out yesterday or last evening.

**TONS OF IRON ORE BURY EIGHT MEN**  
Dreadful Catastrophe in a Michigan Mine.  
Ironwood, Mich., Dec. 23.—Eight men were killed today by a fall of 1000 tons of ore from a slip on the 1,300 foot level of the Newport mine at Ironwood.  
The dead: JOHN R. RA, JOHN FRANK, PETER DEMARES, JAMES B. LYNCH, ALEXANDER PAREABIARE, NICK CREGOVIL, JOE LUCKNER, FRANK TRAY.  
On account of the great danger of drifting ore and the broken timbers, several days will probably elapse before all bodies are recovered.

Auction pools for races for following day sold at Casino every night this week commencing at 7 o'clock.

**FRENCH ELECTION OF A PRESIDENT**  
Premier Rouvier a Dark Horse Coming into the Limelight.  
Paris, Dec. 23.—Premier Rouvier is developing marked strength as a possible dark horse in the coming presidential contest. The national assembly will meet at Versailles Jan. 18 to elect a successor to President Loubet. The palace there is now being prepared to receive the 900 senators and deputies constituting the assembly and the near approach of the voting is causing an active canvass in behalf of the various candidates. M. Fallieres, president in the senate has thus far been considered the leading candidate and his supporters claim him sure of a majority in the assembly.  
President Loubet has positively declined to be a candidate for a second term, but the possibility remains of the assembly making him an unwilling candidate. Still the contest appears to be narrowed down to M. Fallieres and Doumer, with M. Rouvier, Bourgeois, Brisson and others named making up the field of emergency candidates.

**A RAILROAD WAR OVER MAIL CONTRACT**  
Will Lead to Cutting Down Time Between Chicago and the Coast.  
Chicago, Dec. 23.—Efforts to settle amicably the differences between the Santa Fe and Union Pacific railroads over the trans-continental mail contracts have been abandoned, and a speed war is imminent. The Santa Fe has refused to change its fast schedule and the Union Pacific, in connection with the Burlington and the new San Pedro route has been compelled to take steps to meet the time of the Santa Fe.  
To prevent the Santa Fe from securing permanently the mails, which the government has already turned over to the new route, the Union Pacific in connection with the Burlington and Mayor Dunne and his family will be passengers on the new train Tuesday.  
On their arrival at New Orleans, the passengers will be transferred to the steamship Prince Arthur, which will carry them to Havana, arriving there Friday.
